

PACOM AREA OF RESPONSIBILITY

CINCPAC MISSION

- MAINTAIN THE SECURITY OF THE PACIFIC COMMAND AND DEFEND THE UNITED STATES AGAINST ATTACK THROUGH THE PACIFIC OCEAN.
- SUPPORT AND ADVANCE NATIONAL INTERESTS IN THE PACOM AREA OF RESPONSIBILITY.
- DISCHARGE U.S. MILITARY RESPONSIBILITIES IN THE PACIFIC, FAR EAST, SOUTHEAST, AND SOUTH ASIA.
- PREPARE PLANS, CONDUCT OPERATIONS, AND COORDINATE ACTIVITIES OF PACOM FORCES AS DIRECTED BY HIGHER AUTHORITY.

CINCPAC
DIRECTORATE FOR INTELLIGENCE

MISSION:

- PROVIDE TIMELY, ADEQUATE INTELLIGENCE TO THE CINCPAC
- ASSURE INTELLIGENCE SUPPORT FOR PACOM FORCES
- INSURE NECESSARY COUNTERINTELLIGENCE MEASURES ARE TAKEN TO PROTECT THE COMMAND
- ADVISE CINCPAC ON COMMAND AND CONTROL OF INTELLIGENCE RESOURCES
- SATISFY INTELLIGENCE REQUIREMENTS OF HIGHER AUTHORITIES
- EXERCISE OPERATIONAL CONTROL OF THE INTELLIGENCE CENTER PACIFIC
- MANAGE ADP RESOURCES TO SUPPORT INTELLIGENCE IN THE PACOM

PRIMARY FUNCTIONS:

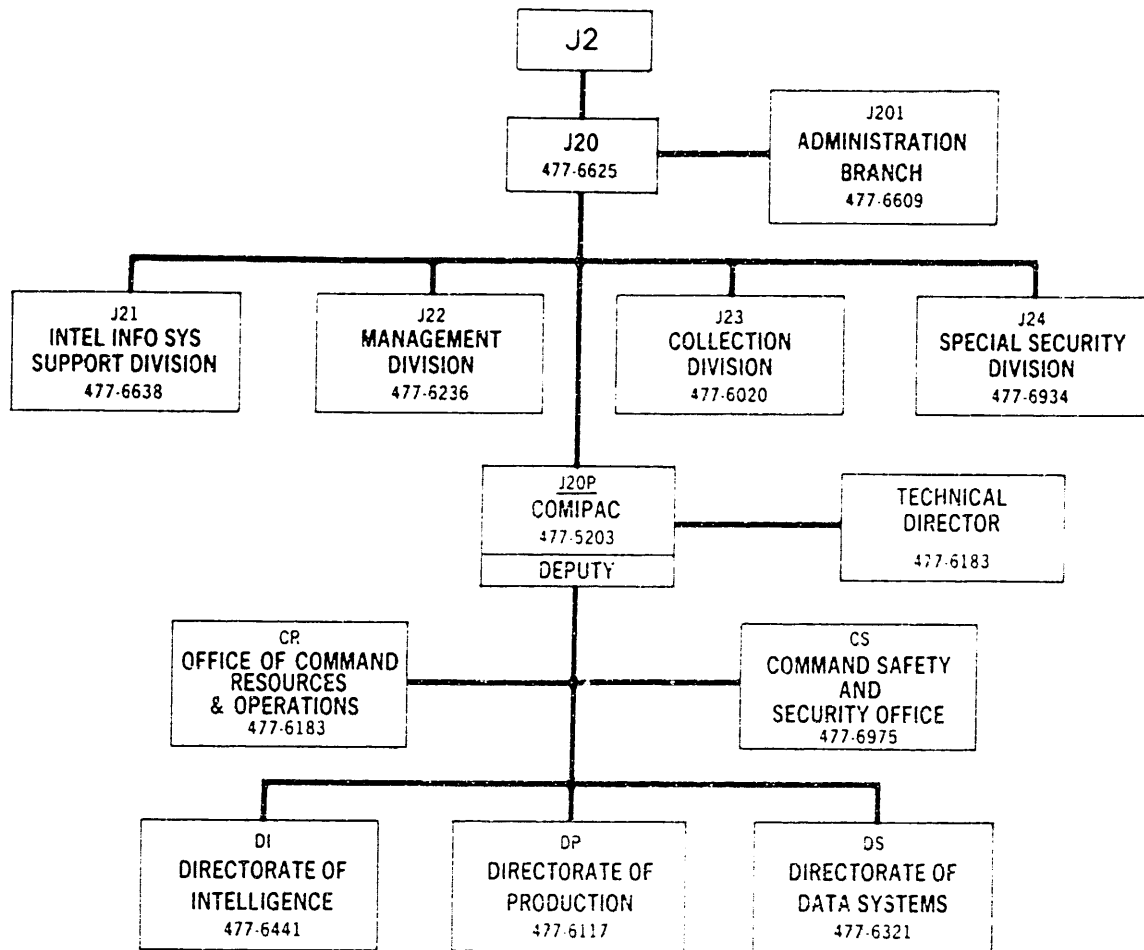

- ISSUE TASKINGS
- VALIDATE COLLECTION AND PRODUCTION REQUIREMENTS
- PREPARE PLANS AND POLICY
- SUPERVISE THE IPAC
- CHAIR PACOM INTELLIGENCE BOARD
- APPROVE ADP ACQUISITIONS

CINCPAC
INTELLIGENCE CENTER PACIFIC

OVERVIEW:

- IPAC IS A JOINT OPERATIONAL COMMAND UNDER CINCPAC
- SPECIFIC TASKING AND RESPONSIBILITIES OF THE CENTER ARE DIRECTED BY DOD, DIA, AND CINCPAC.
- OPERATIONAL CONTROL OF IPAC IS EXERCISED BY J2 CINCPAC
- COMMANDER OF THE IPAC IS DUAL HATTED AS J20P — RESPONSIBLE FOR CINCPAC INTELLIGENCE PRODUCTION

J2 - IPAC ORGANIZATION

J2 STAFF

MISSION AND FUNCTION STATEMENT

J201

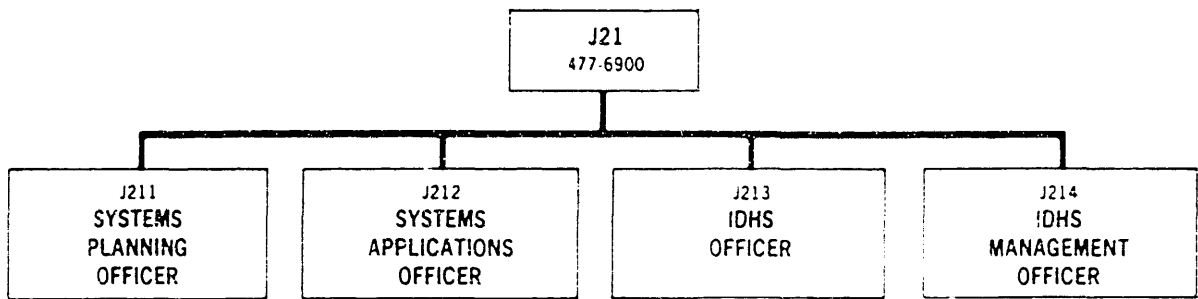

ADMINISTRATION BRANCH

J201 MISSION AND FUNCTIONS:

- Provide administrative guidance and support as well as supply and budgetary support to the Directorate.
- Control all collaterally classified materials for the Directorate.

J21

INTELLIGENCE INFORMATION SYSTEMS SUPPORT DIVISION

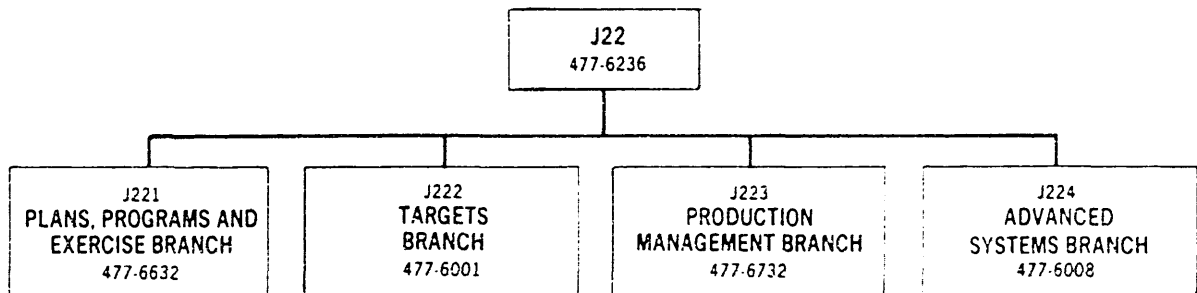

J21 MISSION AND FUNCTIONS:

- Manage the PACOM Intelligence Data Handling System (IDHS) Communications network.
- Manage the PACOM Department of Defense Intelligence Information System (DODIIS)
- Manage the PACOM COINS II network.
- Validate and coordinate development of automated intelligence systems and programs within and among PACOM organizations.
- Manage contractor support form software development, validation and verification.
- Coordinate development and implementation of PACOM Tactical Intelligence Data System (PACTIDS)

J22

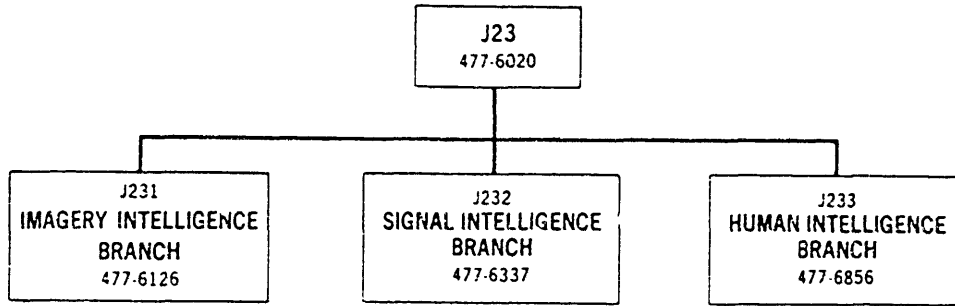

MANAGEMENT DIVISION

J22 MISSION AND FUNCTIONS:

- Oversee intelligence input to plans, programs, and exercises.
- Manage intelligence support to variants of the TOMAHAWK Land Attack Missile.
- Manage PACOM nuclear and conventional targeting program and intelligence support to PACOM C3CM planning
- Insure finished intelligence production meets requirements.
- Provide PACOM interface to the development of new intelligence-related systems.
- Provide management for all PACOM IAW systems.
- Provide secretariat support for the PACOM Intelligence Board.
- Manage releasability of information and coordinate with intelligence exchange within the PACOM.

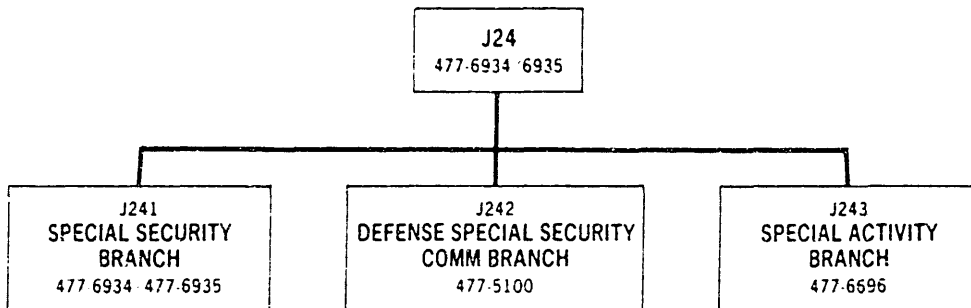

J23
COLLECTION MANAGEMENT DIVISION

J23 MISSION AND FUNCTIONS:

- Manage and validate Imagery Reconnaissance Programs and Requirements.
- Originate and validate theater-wide SIGINT requirements in support of sub-unified and component commands. Manage and oversee theater and national SIGINT programs.
- Validate human intelligence requirements and programs, and monitor effectiveness of HUMINT programs.
- Participate in the operation of the Joint Reconnaissance Center.

J24
SPECIAL SECURITY DIVISION

J24 MISSION AND FUNCTIONS:

- SERVE AS PACOM SSO (SPECIAL SECURITY OFFICE), MANAGING ALL COM-PARTMENTED SECURITY PROGRAMS.
- Control and provide security for SCI materials and spaces.
- Maintain indoctrination records and conduct security inspections and investigations.
- Operate a Defense Special Security Communications System (DSSCS) terminal in support of HQ PACOM, Fleet Marine Force Pacific and Intelligence Center Pacific.
- Provide SCI and privacy communications support to Camp H.M. Smith in support of CINCPAC travel, and in support of visiting VIPs.

INTELLIGENCE CENTER PACIFIC
MISSION AND MAJOR FUNCTIONS

MISSION AND FUNCTIONS:

- 24-hour, seven-days-a-week Intelligence Indications and Warning Watch for PACOM.
- Provide intelligence in support of the Commander in Chief Pacific.
- Maintain an up to date all-source data base from which orders of battle, estimates, and studies can be produced.
- Maintain capability to deploy elements to temporarily augment PACOM forces during crises.
- Produce and maintain national automated orders of battle as delegated by DIA.

TECHNICAL DIRECTOR

(TD)
477-6024

MISSION AND FUNCTIONS:

- Plan the comprehensive objectives, policies and programs for Intelligence Center to assure effective accomplishment of the JCS directed mission.
- Plan for technical development of new missions and special projects.
- Working with operational users and Directorate of Data Systems, defines requirements to be met by the IPAC Data Systems Center.
- Analyze and evaluate national requirements in the areas of new national reconnaissance systems.
- Assure adequacy of the programming of future and current IPAC resource requirements.

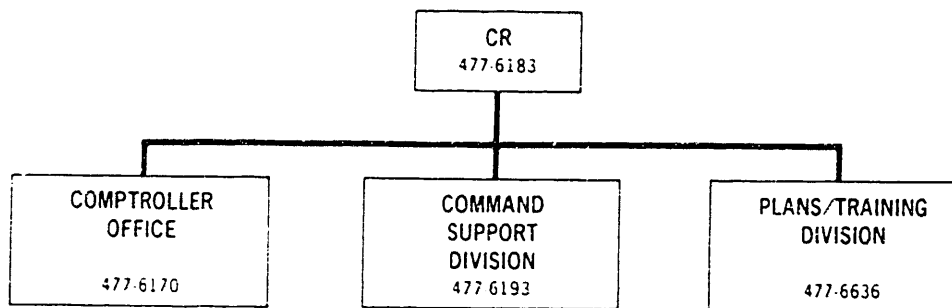

COMMAND SAFETY AND SECURITY OFFICE

(CS)
477-6975

MISSION AND FUNCTIONS:

- Manage all IPAC safety fire prevention, and occupational health programs.
- Serve as IPAC SSO (Special Security Office), managing all compartmented security programs.
- Control and provide for physical security of the IPAC Secure Compartmented Information Facility (SCIF) on a 24-hour basis.
- Control and provide information security for SCI documents, materials, data and automated data production systems within the SCIF.
- Provide the following personnel security services: SBI and update submissions, SCI indoctrinations, internal IPAC inspections and investigations, access rosters and visitors access accreditation.
- Execute the IPAC Foreign Release and Disclosure Program.
- Coordinate conduct IPAC security education programs

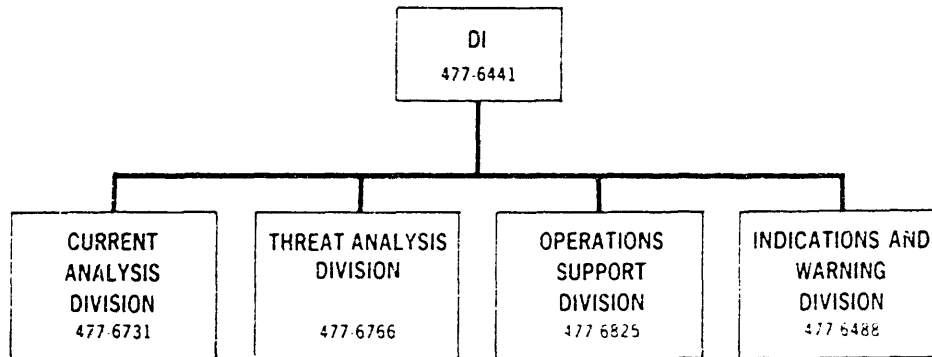

COMMAND RESOURCES

MISSION AND FUNCTIONS:

- Develop overall goals, objectives, rationale, justification and resources requirements for IPAC.
- Recommend to COMIPAC structures and priorities for IPAC programs.
- Examine the total IPAC operating systems (system analysis) including the utilization of all Center resources, in coordination with command directors for the purpose of effecting economics and efficiency.
- Prepare the General Defense Intelligence Program (GDIP) and reviews the Consolidated Cryptologic Program (CCP) and other related budget submissions and production schedules.
- Prepare IPAC manpower submissions through the Joint Manpower Program (JMP).
- Provide the administrative support of the Center, and the maintenance of equipment and facilities. Directs administrative, manpower, personnel and logistic tasks essential to the conduct of overall center functions.
- Manage the IPAC training programs.
- Perform special actions as directed by COMIPAC.

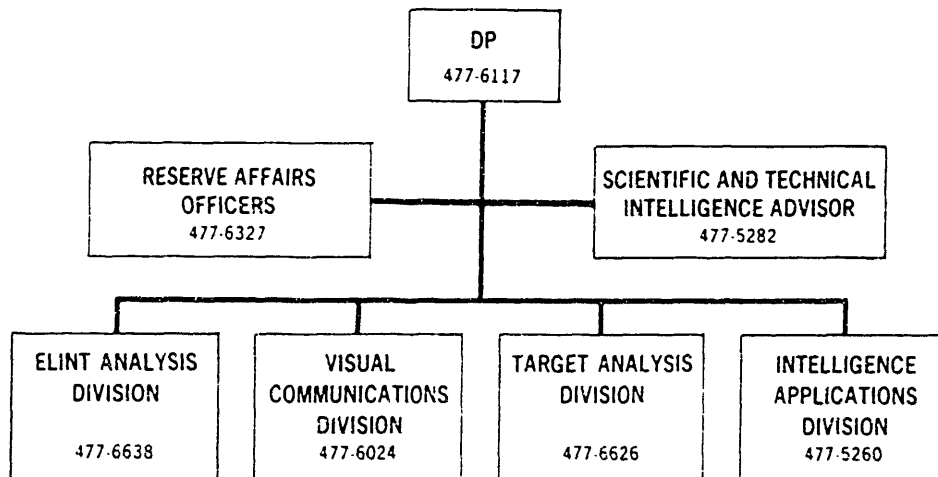

DIRECTOR OF INTELLIGENCE

MISSION AND FUNCTIONS:

- Provide direct intelligence support to CINCPAC, component commanders, theater tactical commanders and national agencies with all-source, near-real-time intelligence and special studies.
- Produce portions of the national automated order of battle data bases as delegated by DIA.
- Produce all-source intelligence pertaining to the military, internal security, political, economic, sociological and scientific and technological situations in all PACOM countries.
- Produce air, defensive missile, ground and AAA orders of battle.
- Conduct analysis of ground and air defenses.
- Manage IPAC Crisis Action Team.
- Produce all IPAC current/estimative intelligence reports.
- Maintain the CINCPAC Intelligence Watch which provides indications and warning (I&W) for the CINCPAC and staff and is the principle PACOM node in the national I&W system.

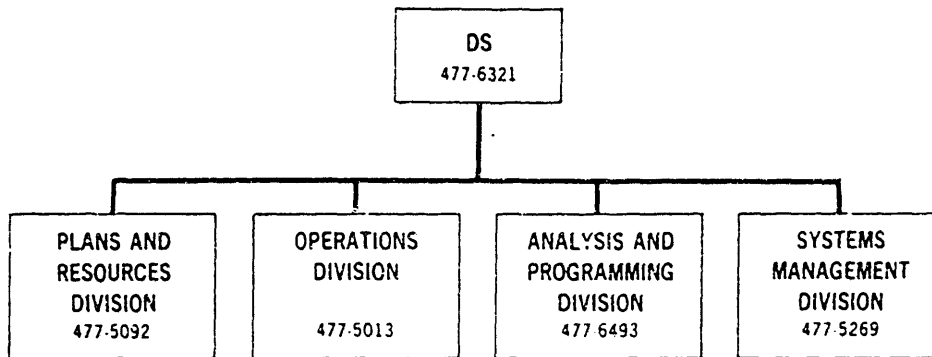

DIRECTOR OF PRODUCTION

MISSION AND FUNCTIONS:

- Direct and manage IPAC scheduled intelligence production.
- Develop targeting concepts, target lists and contingency installation lists for CINCPAC OPLANS/CONPLANS.
- Perform target system analysis, weapons effectiveness, and mission planning for theater cruise missile employment.
- Analyze PACOM countries' lines of communication (LOC) logistics capabilities, and produces LOC/logistics studies supporting CINCPAC OPLANS/CONPLANS.
- Conduct imagery interpretation analysis.
- Publish IPAC hard-copy and microform products and related graphics.
- Manage reserve programs which support the IPAC.
- Provide scientific and technical intelligence advice to IPAC analytical elements, the COMIPAC and CINCPAC J-2 staff.
- Produce all-source operational electronic intelligence (ELINT).
- Perform technical ELINT analysis in support of Navy ELINT collection programs.
- Produce (ELINT) order of battle (EOB).

DIRECTORATE OF DATA SYSTEMS

MISSION AND FUNCTIONS:

- Provide required data systems support to IPAC.
- Perform planning, programming and budgeting for future data systems requirements.
- Manage the data systems security program.
- Operate and maintain automated data systems.
- Develop new automated systems to support intelligence production/analytical requirements.

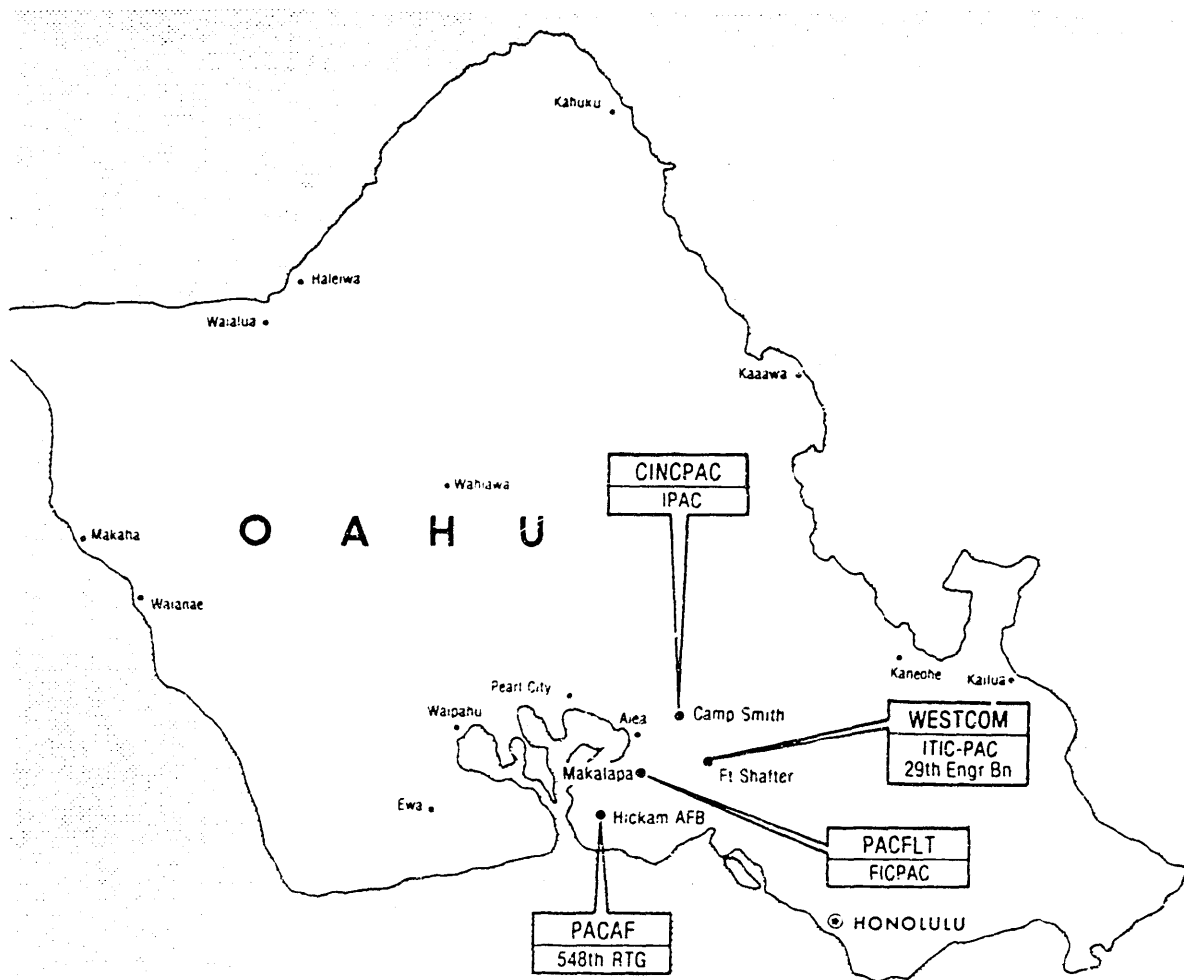

PACOM INTELLIGENCE BOARD

- CINCPAC HAS ESTABLISHED THE PACOM INTELLIGENCE BOARD CONSISTING OF THE SENIOR INTELLIGENCE OFFICERS OF THE COMPONENT COMMANDS AND OTHERS, CHAIRED BY THE J2 TO:
 - REVIEW AND COORDINATE INTELLIGENCE ACTIVITIES
 - MAKE RECOMMENDATIONS CONCERNING ESTABLISHMENT AND VALIDATION OF REQUIREMENTS, PRODUCTS, AND PROCEDURES
 - ELIMINATE UNNECESSARY DUPLICATION OF EFFORT
- MEETING MONTHLY OR AS REQUIRED, THE BOARD IS ASSISTED IN ITS RESPONSIBILITIES BY A SERIES OF FUNCTIONALLY-ORIENTED SUBORDINATE MANAGEMENT ACTION GROUPS (MAGs), COMPOSED OF REPRESENTATIVES OF PIB-MEMBER COMMANDS.
- THE FOLLOWING MAGs, CHAIRED BY CINCPAC MEMBERS, IMPLEMENT PIB DECISIONS, CONDUCT SPECIAL STUDIES, AND COORDINATE ACTIONS:
 - INTELLIGENCE DATA HANDLING SYSTEM COORDINATING COMMITTEE
 - TARGETS ACTION GROUP
 - INTELLIGENCE PRODUCTION REVIEW BOARD
 - AERIAL RECONNAISSANCE REVIEW COMMITTEE
 - SIGINT REQUIREMENTS COMMITTEE
 - HUMINT BOARD
 - COUNTERINTELLIGENCE ADVISORY COMMITTEE
 - SECURITY AND SANITIZATION REVIEW BOARD
 - INTELLIGENCE RESOURCE REVIEW BOARD

COMMON FUNCTION CENTERS

SECDEF DIRECTED CINCPAC TO ESTABLISH AND MAINTAIN THREE COMMON FUNCTION CENTERS ON OAHU FOR SPECIALIZED, NON-DUPLICATIVE SUPPORT TO PACOM CONSUMERS. COMPONENT SERVICES ARE DESIGNATED EXECUTIVE AGENTS RESPONSIBLE FOR OPERATION OF THE CENTERS, UNDER THE STAFF COGNIZANCE OF THE J2 CINCPAC.

- MAPPING, CHARTING, AND GEODESY (MC&C) CENTER: 29th ENGR BATTALION (TOPOGRAPHIC).
- PHOTOGRAPHIC IMAGERY INTERPRETATION CENTER (PIC): 548TH RECONNAISSANCE TECHNICAL GROUP.
- FLEET OCEAN SURVEILLANCE INFORMATION CENTER (FOSIC): CINCPACFLT.

OAHU BASED ACTIVITIES
